

*2009: Embracing & Becoming Drivers of Change  
A showcase for Alberta educators*

**Why should Teachers working with technology come to this conference?**

Symposium 2009 will be your opportunity to see and discuss with the best in Educational Technology in Alberta on the important role that you can play in transforming learning.

For the first time the **Educational Technology Council (E.T.C.)** and Alberta School Librarians Council (A.S.L.C.) are teaming up with the Alberta Distributed Educational and Technology Association (A.D.E.T.A.) and Alberta Education to bring you a showcase of the best in educational technology to assist learning from across Alberta. There will be educational practitioners from Kindergarten to the Workplace presenting and attending.

*Symposium 2009 will also include the annual general meeting of the **Educational Technology Council.***

Today's educators have the opportunity to blend multiple forms of learning for their students. From face to face to web based multimedia-learning environments, teachers have a multitude of sources to blend and present to their students. Come explore how you can use these environments in your school.

**Dates:**

- Wednesday March 11 evening only,
- Thursday, March 12 all day and evening
- Friday, March 13th, 2009 until noon

Location: Hyatt Regency Hotel, Calgary, Alberta
